

HexaDecor,

OUTDOOR MARQUETRY

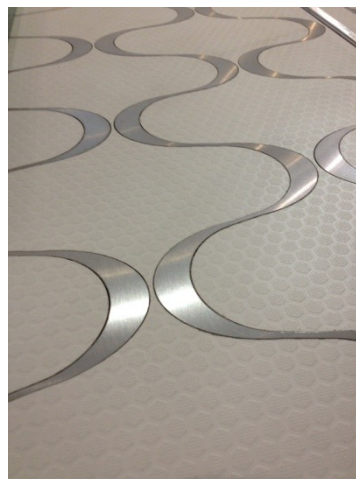

FOR EXCLUSIVE, COLOURED AND ORIGINAL, TERRACES

ALTIIS, french specialist of outdoor ornamentation by floor, performs inlaying work, like marquetry, creating the HexaDecor range :

Bicolour conception (many shades)

HexaDecor Inox : with stainless steel

Tiles are made of 65% natural wood fibre (from sustainably managed forests). This glue-laminated duromer is extremely resistant and non slip with vivid and long-lasting colours.

HexaDecor : 2 applications

- to add decorative touch (recessed version)
- to cover total area of a terrace, balcony, pathway, etc.

Ultradecorative, HexaDecor is available in many shades.

It is totally customizable (graphism, colours and sizes).

Used in an existing, renovated or newly created environment, HexaDecor brings to life the ground in which it lies whether an entry or a large terrace.

Technical characteristics :

- Non slip
- Highly effective weatherproof
- resistant including frost and U.V. rays
- Robust (for more than 60 years outside)
- Lightweight : from 9 to 24 kg/m² (ideal for deck boat, balcony terrace or roof terrace)
- Ecologic : made of 65% wood (from sustainably managed forests)
